RE: **G-STRUT® Metal Framing Channel**
American-Made, Domestic Origin, ARRA Compliance
DATE: March 18, 2019

Please be advised that **G-STRUT®** Metal Framing Strut Channel, which bears the mark 'MADE IN USA', is produced according to the following, and as such, should fulfill your needs for work specifying a 'Buy-American' / domestically produced / ARRA compliant product:

- **G-STRUT® Metal Framing Strut Channel meets the requirements of both the *Buy American Act and the ARRA (American Recovery and Reinvestment Act) of 2009***
- **G-STRUT® Metal Framing Strut Channel bearing the mark 'MADE IN THE USA', is manufactured in the United States of America in Canton, Ohio & Decatur, Alabama**
- **G-STRUT® Metal Framing Strut Channel is manufactured with steel sourced from domestic steel mills**
- **G-STRUT® Metal Framing Strut Channel is roll formed, galvanized, plated and/or painted in the USA**
- **G-STRUT® Metal Framing Strut Channel in Canton, OH is produced by American union labor, the United Steel Workers (USWA)**
- **G-STRUT® Stainless Steel Strut Channel is roll formed from domestic steel**

These American-Made channels are available in a variety of finishes & substrates including pre-galvanized steel, 304 & 316 stainless steel, green or custom color powder coated, PVC coated, plain/no finish, and hot-dip batch galvanized steel.

Best Regards,

Bob Porter
Vice President
